Preamble

In the pursuit of academic excellence and holistic development, Srinivas Institute of Technology (SIT) remains steadfast in its commitment to fostering an environment that nurtures innovation, research, and entrepreneurial spirit. The institution acknowledges the vital role that workshops, seminars, conferences, and specialized programs play in shaping the intellectual landscape of our academic community. Over the past five years, SIT has consistently strived to enhance the academic experience by organizing a spectrum of events dedicated to Research Methodology, Intellectual Property Rights (IPR), and Entrepreneurship. These initiatives serve as pillars that fortify our commitment to providing students with a comprehensive and forward-looking education. As we reflect on our journey, it becomes evident that these workshops and programs have not only expanded the horizons of knowledge but have also contributed significantly to the overall growth of the SIT community. The exchange of ideas, the exploration of innovative methodologies, and the in-depth understanding of intellectual property and entrepreneurship have become integral components of our academic ethos.

INAUGURATION OF SRINIVAS – LAKSHYA INNOVATION CENTRE

As a part of the continuous development of the technical skills and also critical design thinking of the engineering students and to cater for the ever growing needs of interdisciplinary activities, the Department of Aeronautical Engineering, Srinivas Institute of Technology, in collaboration with Lakshya Space, organized a technical talk on "Project, skill development and Engineering" on 07-07-2023 at AC Seminar hall of SIT. Mr. Dhanush D and Mr. Deepak K, founders of Lakshya Space, were the chief guests of the sessions. Dr. Praveen Shenoy, Associate Professor, Dept. of Aeronautical Engineering, introduced the chief guests and welcomed the gathering. Dr. Ramakrishna Hegde, Convenor, IIC and Head of Department, Aeronautical Engineering, highlighted the importance of interdisciplinary projects for the overall development of the students. He also asked the students to be more proactive in their project approach. In his presidential address, Dr. Shrinivasa Mayya D, Principal Srinivas Institute of Technology, stressed the importance of industry-college collaboration for more effective student projects. He also congratulated Mr. Deepak and Mr. Dhanush for being role models for alumni helping the students achieve their goals. Prof. Lokesh K S rendered the vote of thanks. Second-year students, Ms. Shruthi and Ms. Soundarya lead the gathering into prayer. Ms. Asma conducted the program. In their address to the second-year students, Mr. Dhanush and Mr. Deepak called upon the students to look beyond the regular syllabus and focus on critical designing and analyzing real-world problems. They chalked out a step-by-step process for developing the thinking process for a successful project reach out.

FROM DREAM TO REALITY: UNLEASHING THE ENTREPRENEUR WITHIN YOU

A session on "From Dream to Reality: Unleashing the Entrepreneur Within You" was organized by the SIT EDP Cell in association with SSOSC on 17-6-2023. Mr. Mohammed Raees, Founder of Rooloo Innovations Pvt Ltd was the resource person. He emphasized the importance of identifying problems or opportunities in the market and developing innovative solutions to address them. Mr. Mohammed Raees encouraged the students to explore their passion and interests while considering potential business ideas. He highlighted the significance of persistence, determination, and hard work in the entrepreneurial journey. He shared his own story of starting Rooloo Innovations Pvt Ltd, highlighting his challenges and lessons he learned along the way. During the session, Mr. Raees also discussed the importance of networking and building a strong support system. He encouraged the students to stay updated with industry trends, technologies, and consumer behavior to stay ahead of the competition. This session was attended by 230 students from different engineering streams.

SESSION ON "BOOTCAMP ON START-UP CAREERS"

The session on "Bootcamp on Start-up Careers" conducted by the SIT EDP Cell in association with SSOSC on 17-6-2023. Mr. Sujith D, a Frontend Developer at Recruiterflow and an entrepreneur, shared his practical insights and experiences with the attendees. One of the key points emphasized by Mr. Sujith D was the importance of passion in starting a start-up. According to him, having a strong passion for one's idea or project is crucial as it provides the necessary drive and commitment required for success in the entrepreneurial journey. When individuals are deeply passionate about their work, they are more likely to put in the required effort and overcome obstacles that may arise along the way. Another valuable piece of advice shared by Mr. Sujith D was the importance of seeking guidance and suggestions from mentors. Mentors offer valuable insights, guidance, and support throughout the start-up journey. Their experience and expertise can help entrepreneurs make informed decisions, avoid common pitfalls, and accelerate their progress. The "Bootcamp on Start-up Careers" was attended by 230 students from different engineering streams.

WORLD INTELLECTUAL PROPERTY DAY

As a part of the Celebration activities of the Institutions Innovation Council (IIC), World Intellectual Property Day was celebrated on 26-04-2023, Wednesday, at Srinivas Institute of Technology. Dr. Praveen BM, Director, Research and Innovation Council, Srinivas University, inaugurated the program. In his address to the gathering, Dr. Praveen emphasized the importance of the technical know-how of IPR in today's world. He also congratulated the Principal, co-ordinator and the members of the IIC Cell on organizing the program. Dr. Ramakrishna Hegde, Co-ordinator, IIC, highlighted the need for patenting and advised the students to patent their ideas, if not their projects. In his presidential remarks, Dr. Shrinivasa Mayya D, Principal Srinivas Institute of Technology, inspired the students to get involved in innovative thinking and implementation of the ideas through the commercialization of the products. He reminded the students of their role in bringing out products beneficial to society and understanding their usability through IPR. Prof. Gourish Hegde, associate professor of the Dept. of Electronics and Communication and co-ordinator of the event, introduced the chief guest to the gathering. Prof. Soumya K, Assistant Professor, Dept. of Information Science and Engineering, welcomed the gathering. Prof. Rakesh Mallya, NSS co-ordinator, proposed the vote of thanks. Prof. Vivek Kumar, Assistant Professor, Dept. of Marine Engineering, conducted the function. The formal function was followed by a session on "Intellectual property rights" by Dr. Praveen BM. About 90 students and faculties across various departments of the college participated in the event. An online quiz was also organized.

INNOVATION COMPETITION

SIT Incubation center and Yukti Cell under IIC conducted an INNOVATION COMPETITION on 23/02/2023. Different themes were given to the students and they have to present a solution to the problem. Thirteen students presented their ideas at this event. The students pitched their ideas on the themes like Start-up Ecosystem and Pollution Prevention & Control. One session was conducted in the SIT Innovation club and Dr. Rajesh D S from CSE, Dr. Rajesh from AE was the judges for the session. Prof. Chandra Jogi coordinated the program. Dr. Praveen Shenoy K, innovation ambassador, IIC-SIT, briefed the importance of the competition and urged the students to innovate by thinking out-of-the box.

PATENT SEARCH AND INTELLECTUAL PROPERTY RIGHTS (IPR)

A session on "Patent search and intellectual property rights (IPR)" was held on December 28, 2022, for Information Science and Engineering final- and pre-final-year students at Srinivas Institute of Technology, Mangaluru. The session was organized by the Association of Information Science and Engineering (AISE) in collaboration with the IPR cell and IIC. Prof. Vivek V. Kumar, Assistant Professor, Department of Marine Engineering, Srinivas Institute of Technology, Valachil, Mangaluru, served as the session's resource person. The significance of IPR was discussed with the students, along with its many terms, including copyrights, patents, geographical indications, and trademarks, among others. Other forms of rights are also included, such as trade secret protection and rights against unfair competition. The term "intellectual property" refers to a variety of creations, including literary and artistic works as well as some discoveries, inventions, words, phrases, symbols, and designs. Following a thorough understanding of the IPR regulations, participants conducted a hands-on search for prior art on their own ideas using Google Patents and the Indian patent database. This program was supported by our beloved Principal Dr. Shrinivasa Mayya D. The program was successfully completed with the help of Prof. Sudarshan K, Head of the Department, IS&E, Prof. Nagaraja Hebbar N, Head of the Department, AI-DS. This event is coordinated by Prof. Sowmya, Staff Advisor AISE.

WORKSHOP ON "EXPLORING CREATIVITY"

SIT IIC Cell organized a Half Day Workshop on "Exploring Creativity: Building Models with Toothpicks and Cycle Valve Tube" at Library Block, Srinivas Institute of Technology, on 26-12-2022. Dr. Prasad P., SIT-IIC Innovation Ambassador, and Prof. Vivek V. Kumar, Member, SIT-IIC, Professor in Marine Engineering, coordinated the workshop. The facilitator was Mr. Hasmukh Sapnawala, EBHLE (Experience Based Holistic Learning Environment, ebhle.org). Hasmukh Sapnawala is a scientist trying to set up a learning space for children in a forest setting. His current topics of Research are Neuroplasticity, Biomimicry, and Quantum mechanics.

What the participants learned from the workshop:

1. About geometry by doing - triangles, squares, pentagons, hexagons, star.
2. Making 2-way, 4-way and 6-way joints using Cycle Valve Tube.
3. A low-cost but highly creative way of building models like Cubes, Pyramid, Tetrahedron, Geometry dome and Icosahedron.
4. The basics of Design Thinking, and
5. The teamwork.

WORKSHOP ON "DESIGN THINKING AND CRITICAL THINKING - COMEDKARES PROGRAM"

SIT IIC Cell organized a Half Day Workshop on "Design Thinking and Critical Thinking - Comedkares Program" on 20-12-2022. Ms. Roopalakshmi and Ms. Saeedah were the resource persons from Comedkares, Mangaluru. ComedKares is an initiative of COMEDK that aims to give engineering students of our member colleges a state-of-the-art platform to realize their full potential, enhance their ability to innovate, sharpen their entrepreneurial instincts, and develop socially responsible aspirations. Students are made into 16 groups with 10 students in each team. The resource persons made the students to go through the 7 steps in the design thinking through the activities. Total 160 students of A1, A2, A3 and A4 batches of I sem attended this program. Some of the batches were able to make a prototype type of the product at the end of the workshop. All the students actively involved in this half day workshop.

IDEATION

SIT Innovation Club and Yukti Cell under IIC conducted an IDEATION competition on 19/11/2022. Different themes were given to the students, who had to present a solution to the problem. Twenty students presented their ideas at this event. The students pitched their ideas on the themes like Bio-Degradable water bottles, Use/Reuse of condemned vehicles/Buses, Efficient Farming/selling of crops, Decreasing Queues at Billing counters in shopping centers/retail stores, Bio-degradable Banners/posters or alternative methods of regular banners to make them nature friendly, Waste Management and Disaster Management by using IoT. Two sessions were conducted in parallel. Prof. Sathish Kumar from ECE, Dr. Rajech from CSE, Dr. Rajesh from AE and Prof. Sudarshan from IS were the judges for the sessions. Prof Chandra Jogi and Dr. Soorya Krishna coordinated the program.

MY STORY – A MOTIVATIONAL SESSION BY A SUCCESSFUL ENTREPRENEUR

The Institute's Innovation Council (IIC) has organized a program on My story – a motivational session by a successful entrepreneur on November 19 2022 at Srinivas Institute of Technology, Valachil, Mangalore. Mr. Deepak M Kurubar, Founder of Lakshya Space, Bengaluru and Mr. Dhanush DB, Co-founder of Lakshya Space, Bengaluru, were the chief guests of the function. The session started with an introduction to "entrepreneurship." How one should be passionate about making their ideas work. The duo discussed how starters need to have everything planned adequately before starting. The speakers also spoke about the prerequisites of starting a business and running it profitably. All this was explained by discussing the start-up stories of Paytm, Fresh menu, Flipkart, Ola, Uber, and Swiggy and their journey.

Mr. Deepak M Kurubar introduced the different aspects of entrepreneurship and emphasized that passion, zeal and a great idea are the only ingredients in a recipe for a business start-up. He mentioned that one should not start their new ventures in a country like India due to non-awareness amongst the population. He advised students to go for jobs in private or government sectors to minimize the risk. Therefore, he emphasized to raise the essential awareness of entrepreneurial concepts and to enable students to identify their strengths and learn how to make a mindset to take up entrepreneurship as a challenging career. The steps below explain how to create an effective entrepreneurship development program and enhance it.

1. **Make Sure Entrepreneurship Is What You Want**
2. **Decide What Kind of Business You Want**
3. **Research Your Idea**
4. **Write a Business Plan**
5. **Select a Business Structure**
6. **Assemble Your Team**
7. **Handle the Paperwork**

ISAP-2022

Information Search Analysis and Presentation (ISAP) is a unique event organized by the Srinivas Institute of Technology to inculcate the idea of sharing unique, innovative ideas in their topics of interest. The event is exclusively organized for the III Semester BE students every year. The inaugural function of "Information Search Analysis and Presentation (ISAP – 2022)" was held on Wednesday, 9th November 2022, for the 2nd year BE students of various branches. Mr. Prajnesh Shetty, Software Developer (AI/ML), CodeCraft Technologies Pvt Ltd, Mangaluru, was the chief guest of the function. Mr. Prajnesh Shetty, in his inaugural address, said that "students need to be self-reliant and confident to lead a successful life." He also mentioned the importance of such platforms, which will nurture communication, presentation and technical skills. In his presidential address, Dr. Shrinivasa Mayya D., Principal of the college, said, "Self-confidence is the most attractive quality a person can have." He urged the students to actively involved in such seminars to enhance and improve their problem-solving and communication skills. Prof. Gourish S. Hegde, Co-ordinator of ISAP, gave a brief overview of ISAP 2022. Ms.Asma welcomed the gathering and Ms.Nikitha delivered the vote of thanks. Ms. Jayashree and Mr.Khaleel Ibrahim compered the program. A total of approx. 510 students presented their research topics across various streams of engineering.
