Preamble

In the pursuit of academic excellence and scholarly advancement, Srinivas Institute of Technology is committed to fostering a culture of intellectual engagement and research innovation among its esteemed faculty members. As part of our ongoing evaluation of scholarly accomplishments, we present a comprehensive overview of the contributions made by our faculty over the past five years in the realm of book publications and chapters in edited volumes.

This section seeks to highlight the quantification of academic output, focusing on the number of books authored and chapters contributed to edited volumes by each faculty member. These metrics serve as vital indicators of the institution's dedication to knowledge dissemination and research expertise, showcasing the intellectual prowess and scholarly influence of our faculty within their respective fields.

At Srinivas Institute of Technology, we recognize the significance of scholarly publications in advancing academic discourse and contributing to the broader body of knowledge. Through their prolific contributions to books and edited volumes, our faculty members demonstrate a commitment to excellence in research and a passion for intellectual inquiry. We take pride in their achievements and remain steadfast in our support for their continued scholarly endeavors.

As we uphold our commitment to educational excellence and research leadership, we strive to cultivate an environment that nurtures innovation, fosters collaboration, and promotes the pursuit of knowledge across all academic disciplines.
