Preamble

Building upon the foundation laid in the previous year, our institution continued its commitment to serving the community by expanding the scope and reach of our extension and outreach programs. Through strategic collaborations and concerted efforts, we amplified our impact across diverse domains, contributing to initiatives aimed at promoting health, hygiene, education, and gender equality.

Get vaccinated - COVID-19 vaccine awareness program

In order to exchange the knowledge and create the awareness among the people on Covid - 19 pandemic, students of Srinivas institute of Technology, Valachil, Mangaluru conducted "Covid 19 awareness program" for residents of Adyar Padavu and nearby areas of village Mangaluru on 4 January 2021. The students explained about safety precautions and demonstrated how to wear mask. Students also highlighted people's duties & obligations in this pandemic and explained Mode of COVID 19 Transmission, Identification of symptoms, safety measures, hand washing. The aim of this activity was to create awareness among residents and students for health and hygiene in and around society during pandemic and also to instill the sense of social responsibility along with their academic career. The students have created the awareness to the general public to fight against covid-19. Students are actively participated in the event with all the COVID-19 precautionary measures. It gives a confident, excitement and happiness in the minds of residents of village.

Program Outcome: The aim of this activity was to ensure that all eligible groups receive the vaccine with confidence, to address Hesitancy of public on the COVID-19 vaccination process

Awareness program on Covid 19

In order to provide correct, consistent and timely information on the new COVID-19 vaccine, students of Srinivas institute of Technology, Valachil, Mangaluru conducted "Get vaccinated - COVID-19 vaccine awareness program" for residents of Adyar Padavu and nearby areas of village Mangaluru on 10 March 2021. The students explained about benefits of COVID-19 vaccine and how vaccine will work and reduces the risk of death. The aim of this activity was to ensure that all eligible groups receive the vaccine with confidence, to address Hesitancy of public on the COVID-19 vaccination process. The students have generated the awareness to the general public and appropriate behavior even after vaccination. Students actively participated in the event with all the COVID-19 precautionary measures. It encourages and builds public confidence on the safety in the minds of residents of village. The Class Advisors Mr. Chethan I C, Purushotham P Katti and Mr. Jagadeesh B were present at the time. The program was coordinated under the guidance of Dr. Ramakrishna N. Hegde, HOD, Aeronautical Engineering.

Program Outcome: created awareness among the people by giving detailed information on benefits of COVID-19 vaccine and how vaccine will work and reduces the risk of death. The aim of this activity was to ensure that all eligible groups receive the vaccine with confidence, to address Hesitancy of public on the COVID-19 vaccination process.

An awareness program on 'E-Learning'

With a global pandemic taking the world by storm and forcing people to work from home, webinars have seen resurgence in popularity and usage across the globe. In the last decade (especially in the last few months) webinars have become a staple for educating students, potential customers and captivating large online audiences. The very best thing about a webinar is how interactive it is. Webinar viewers are actively engaged, they ask questions and give feedback. With a plethora of webinar, rich-feature sets, support for multiple content types, the possibilities are essentially endless. Our objective is to spread public awareness under rural outreach programs through online mode. An awareness program on 'E-Learning' was conducted on 18/06/2021. Preparation of the topic content covered 4 hours, including google form for registration, flyer making, power point presentation making. Online webinar was presented for an hour from 2pm to 3pm. After the program was conducted, feedback was being received and the doubts of the participants were cleared

Program Outcome: The aim of this activity was to create awareness to the masses of people especially of rural areas.
