About ICTIR 2024 and Call for Papers

The International Conference on the Technology for Industry 4.0 Revolution (ICTIR) is a premier forum for researchers and practitioners in the field of Electrical & Electronics Engineering to exchange ideas, present new research findings, and discuss the latest advancements in theory and practice. Industry 4.0 revolution is evolving exponentially and its extensive domain knowledge will help us leverage solutions in every growing industry today. The conference intends to have deliberations on advanced topics belonging to Electronics, Computer Science, Electrical and Applications in different Engineering domains that are very much relevant to Industry 4.0 revolution. Original papers (not submitted/published elsewhere) are invited on the below mentioned (but not limited) topics.

Internet of Things(IoT)
Robotics and Automation
Machine Learning and Deep Learning
Cloud Computing
Signal Processing
5G Communication
Advanced Embedded System and VLSI
Sensor Technology, Power Management, and Security Management
Big Data and Blockchain
Renewable Energy Resources
Power Electronics and Drives
Electric Vehicles
Advanced Control and Instrumentation
Any product based startup work

Who Can Participate

Research scholars, PG scholars, UG students, Academician and Industrial experts who can share their expertise in the relevant research field in the form of presentation and publication. Research, Reviews, and other upcoming technical articles in the respective fields are also welcome.

About SIT , Mangaluru

Srinivas Institute of Technology (SIT) is one of the premier Engineering colleges of the Mangaluru region aiming towards high standards of education with a holistic approach. SIT is recognized by AICTE, affiliated to VTU and accredited by NAAC. The Institute started in the year 2006 which is a unit of A.Shama Rao Foundation, Mangaluru. The college is located at the Srinivas Campus spread over 15 acres of land at Valachil, Arkula Village, about 10kms from Mangaluru city, towards BC Road, adjacent to NH66. The institute hosts 3000 plus students studying under 13 UG programs, 5 PG programs and 6 Research Centres.

Vision

To be a centre of excellence in Electronics and Communication Engineering with quality education and research, responsive to the needs of industry and society.

Mission

To achieve academic excellence through innovative teaching-learning practice, by providing a conducive research environment, industry-institute interaction and skill development leading to professionals with ethical values and social responsibilities.

About the ECE and EEE Department

The Departments of "Electronics and Communication Engineering" and "Electrical and Electronics Engineering" offer B.E program. The ECE department offers M.Tech in Digital Electronics. The department also recognized as an R&D center affiliated to Visveswaraya Technological University, Belagavi. The department of ECE and EEE have state-of-the-art laboratory facilities, supported by a team of qualified and dedicated faculty. The ECE department has a Start-up "Samyak Tech" which provides consultancy projects and services. Several student projects have been funded by KSCST. The departments regularly conduct hands-on workshops and industrial visits to bridge the gap between academia and industrial needs.
